CSV flat file NHC_NH.csv contains twenty-one (21) fields. The flat file provides general nursing home information in response to a Nursing Home Compare search.

1. Provider Number: varchar(50)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(80)
   Lists the name of the nursing home.
3. Street: varchar(60)
   Lists the street address of the nursing home.
4. City: varchar(30)
   Lists the city in which the nursing home is located.
5. State: char(2)
   Lists the 2 letter State code where the nursing home is located.
6. Zip Code: varchar(5)
   Lists the 5-digit numeric ZIP code of the nursing home.
7. Phone: varchar(10)
   Lists the 10-digit numeric telephone number, including area code.
8. Health Survey Date: varchar(10)
   Lists the most recent date of nursing home's health inspection.
9. Fire Survey Date: varchar(10)
   Lists the most recent date of nursing home's fire safety inspection.
10. Number of Certified Beds: int (4)
    Lists the total number of certified beds in the nursing home.
11. Total Number of Residents: int (4)
    Lists the total number of residents in the nursing home.
12. Percent of Occupied Beds: varchar (4)
    Lists the percentage of certified beds that are occupied in the nursing home.
13. Sprinkler Status: Varchar(75)
    Lists the status of the sprinkler system installed in the nursing home. The choices are:
    - Fully sprinklered
    - Partially sprinklered
    - Not sprinklered
    - Missing /no data
14. Program Participation: varchar (50)
    Lists whether the nursing home participates in Medicare, Medicaid or both.
15. Type of Ownership: varchar(100)
    Lists the type of ownership the nursing home falls under. The choices are:
    - For profit – Corporation
    - For profit – Individual
    - For profit – Partnership
    - Government – City

- Government – City/County
- Government – County
- Government – Federal
- Government – Hospital District
- Government – State
- Non profit – Church Related
- Non profit – Corporation
- Non profit – Other

16. Located Within a Hospital? : varchar(3)
    "Yes" or "No" to specify whether or not the nursing home is located within a hospital.
17. Multi Nursing Home Ownership? char (3)
    "Yes" or "No" to specify whether or not the owner owns more than one nursing home.
18. Resident and Family Councils: char (8)
    Lists which councils the nursing home participates in. The choices are:
    - Resident
    - Family
    - Both
    - None
19. Continuing Care Retirement Community? varchar(3)
    "Yes" or "No" to specify whether or not the nursing home is located within a Continuing Care Retirement Community.
20. Quality Indicator Survey? varchar (3) YES/NO
    Quality Indicator Survey (QIS) process Indicator - The QIS uses a structured review of the medical records and direct observations of the care of larger samples of residents to derive rates for a comprehensive set of Quality of Care Indicators (QCIs).
21. Special Focus Facility? varchar(3) YES/NO
    Special Focus Facility - Indicates nursing homes that have a record of persistently poor survey performance, and have been selected for more frequent inspections and monitoring.

CSV flat file NHC_PROVIDER_RATINGS.csv contains twelve (12) fields. This flat file provides star ratings data for each nursing home at a domain level. This flat file is a stand-alone flat file and not linked to the other csv files. The flat file is designed to be searched individually.

1. Provider Number: varchar(50)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(80)
   Lists the name of the nursing home.
3. Street: varchar(60)
   Lists the street address of the nursing home.
4. City: char(30)
   Lists the city in which the nursing home is located.
5. State: char(2)
   Lists the 2 letter State code where the nursing home is located.
6. Zip Code: varchar(5)
   Lists the 5-digit numeric ZIP code of the nursing home.
7. Phone Number: char(10)
   Lists the 10-digit numeric telephone number, including area code.
8. Overall Rating: varchar (1)
   Lists the performance of the Hospital's Overall Rating. The star ratings system is as follows:

- 1 .... 1 star
- 2 .... 2 stars
- 3 .... 3 stars
- 4 .... 4 stars
- 5 .... 5 stars

9. Health Inspections: varchar (1)
Lists the performance of the Hospital's Inspections Rating. The star ratings system is as follows:
- 1 .... 1 star
- 2 .... 2 stars
- 3 .... 3 stars
- 4 .... 4 stars
- 5 .... 5 stars

10. Nurse Staffing: varchar (1)
Lists the performance of the Hospital's Staffing Rating. The star ratings system is as follows:
- 1 .... 1 star
- 2 .... 2 stars
- 3 .... 3 stars
- 4 .... 4 stars
- 5 .... 5 stars

11. Quality Measures: varchar (1)
Lists the performance of the Hospital's Quality Measures Rating. The star ratings system is as follows:
- 1 .... 1 star
- 2 .... 2 stars
- 3 .... 3 stars
- 4 .... 4 stars
- 5 .... 5 stars

12. RN Only: varchar (1)
Lists the performance of the Hospital's RN Only Rating. The star ratings system is as follows:
- 1 .... 1 star
- 2 .... 2 stars
- 3 .... 3 stars
- 4 .... 4 stars
- 5 .... 5 stars

CSV flat file NHC_STF.csv contains twelve (12) fields. This flat file provides nursing home staff data produced in response to a Nursing Home Compare search.
1. Provider Number: varchar(50)
Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(80)
Lists the name of the nursing home.
3. Street: varchar(60)
Lists the street address of the nursing home.
4. City: varchar(30)
Lists the city in which the nursing home is located.
5. State: char(2)
Lists the 2 letter State code where the nursing home is located.
6. Zip Code: varchar(5)
Lists the 5-digit numeric ZIP code of the nursing home.

7. Phone: varchar(10)
   Lists the 10-digit numeric telephone number, including area code.
8. Number of Residents: int (4)
   Lists the total number of residents in the nursing home.
9. Number of RN Hours Per Resident Per Day: float(8)
   This was computed in two steps: (1) we computed the average total number of hours worked by registered nurses in the nursing home each day during the 2-week period prior to the inspection; and, (2) divided the resulting number of RN hours by the number of residents.
10. Number of LPN/LVN Hours Per Resident Per Day: float(8)
    This was computed in two steps: (1) we computed the average total number of hours worked by licensed practical or vocational nurses in the nursing home each day during the 2-week period prior to the inspection; and (2) divided the resulting number of LPN/LVN hours by the number of residents.
11. Total Number of Licensed Staff Hours Per Resident Per Day: float(8)
    This is the average total number of hours worked by the licensed nursing staff each day at the nursing home per resident. This was computed by adding the total number of licensed nursing staff hours.
12. Number of CNA Hours Per Resident Per Day: float(8)
    This was computed in two steps: (1) we computed the average total number of hours worked by certified nursing assistants in the nursing home each day during the 2-week period prior to the inspection; and (2) divided the resulting number of CNA hours by the number of residents.
13. Number Therapy Hours Per Resident Per Day: float(8)
    This was computed in two steps: (1) we computed the average total number of hours worked by physical therapists in the nursing home each day during the 2-week period prior to the inspection; and (2) divided the resulting number of therapy hours by the number of residents

CSV flat file NHC_MSR_Q1.csv contains forty-three (43) fields. This flat file provides quality measure scores achieved by each nursing home for the previous quarter.
1. Provider Number: varchar(10)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(50)
   Lists the name of the nursing home.
3. Street: varchar(50)
   Lists the street address of the nursing home.
4. City: varchar(28)
   Lists the city in which the nursing home is located.
5. State: varchar(2)
   Lists the 2 letter State code where the nursing home is located.
6. Zip Code: char(5)
   Lists the 5-digit numeric ZIP code of the nursing home.
7. Phone Number: char(10)
   Lists the 10-digit numeric telephone number, including area code.
8. Percent of short-stay residents who self-report moderate to severe pain: varchar200
   Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents who self-report moderate to severe pain.
9. Footnote: char (200)
   Lists the footnotes associated with the rating (if available). The footnotes are as follows:
   - Displayed as: 112 for Not Available.

- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

10. Percent of short-stay residents with Pressure ulcers that are new or worsened: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents with Pressure ulcers that are new or worsened.

11. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

12. Percent of short-stay residents assessed and given, appropriately, the seasonal influenza vaccine: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents assessed and given, appropriately, the seasonal influenza vaccine.

13. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

14. Percent of short-stay residents assessed and given, appropriately, the pneumococcal vaccine: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents assessed and given, appropriately, the pneumococcal vaccine.

15. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

16. Percent of short-stay residents who newly received an antipsychotic medication: varchar200

Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents who newly received an antipsychotic medication.

17. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

18. Percent of long-stay residents experiencing one or more falls with major injury: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents experiencing one or more falls with major injury.

19. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

20. Percent of long-stay residents with a urinary tract infection: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who had a urinary tract infection.

21. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

22. Percent of long-stay residents who self-report moderate to severe pain: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who self-report moderate to severe pain.

23. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.

- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

24. Percent of long-stay high-risk residents with pressure ulcers: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay high-risk residents with pressure ulcers.

25. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

26. Percent of long-stay low-risk residents who lose control of their bowels or bladder: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of low-risk long-stay residents who lose control of their bowels or bladder.

27. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

28. Percent of long-stay residents who have/had a catheter inserted and left in their bladder: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who have/had a catheter inserted and left in their bladder.

29. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

30. Percent of long-stay residents who were physically restrained: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who were physically restrained.

31. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.

- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

32. Percent of long-stay residents whose need for help with daily activities has increased: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents whose need for help with daily activities has increased

33. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

34. Percent of long-stay residents who lose too much weight: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who lose too much weight.

35. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

36. Percent of long-stay residents who have depressive symptoms: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who have depressive symptoms.

37. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

38. Percent of long-stay residents assessed and given, appropriately, the seasonal influenza vaccine: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents assessed and given, appropriately, the seasonal influenza vaccine.

39. Footnote: char (200)

Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

40. Percent of long-stay residents assessed and given, appropriately, the pneumococcal vaccine: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents assessed and given, appropriately, the pneumococcal vaccine.

41. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

42. Percent of long-stay residents who received an antipsychotic medication: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who received an antipsychotic medication.

43. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

CSV flat file NHC_MSR_Q3.csv contains forty-three (43) fields. This flat file provides quality measure scores achieved by each nursing home which are averaged for the previous 3 quarters.

1. Provider Number: varchar(10)
Lists the nursing homes by their provider identification number.

2. Nursing Home Name: varchar(50)
Lists the name of the nursing home.

3. Street: varchar(50)
Lists the street address of the nursing home.

4. City: varchar(28)
Lists the city in which the nursing home is located.

5. State: varchar(2)
Lists the 2 letter State code where the nursing home is located.

6. Zip Code: char(5)
Lists the 5-digit numeric ZIP code of the nursing home.

7. Phone Number: char(10)
   Lists the 10-digit numeric telephone number, including area code.
8. Percent of short-stay residents who self-report moderate to severe pain: varchar200
   Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents who self-report moderate to severe pain.
9. Footnote: char (200)
   Lists the footnotes associated with the rating (if available). The footnotes are as follows:
   - Displayed as: 112 for Not Available.
   - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
   - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
   - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.
10. Percent of short-stay residents with Pressure ulcers that are new or worsened: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents with Pressure ulcers that are new or worsened.
11. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.
12. Percent of short-stay residents assessed and given, appropriately, the seasonal influenza vaccine: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents assessed and given, appropriately, the seasonal influenza vaccine.
13. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.
14. Percent of short-stay residents assessed and given, appropriately, the pneumococcal vaccine: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents assessed and given, appropriately, the pneumococcal vaccine.
15. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:

- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

16. Percent of short-stay residents who newly received an antipsychotic medication: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of short-stay residents who newly received an antipsychotic medication.

17. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

18. Percent of long-stay residents experiencing one or more falls with major injury: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents experiencing one or more falls with major injury.

19. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

20. Percent of long-stay residents with a urinary tract infection: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who had a urinary tract infection.

21. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Not Available - The data for this measure is missing. Call the facility to discuss this quality

22. Percent of long-stay residents who self-report moderate to severe pain: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who self-report moderate to severe pain.

23. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:

- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

24. Percent of long-stay high-risk residents with pressure ulcers: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay high-risk residents with pressure ulcers.

25. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

26. Percent of long-stay low-risk residents who lose control of their bowels or bladder: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of low-risk long-stay residents who lose control of their bowels or bladder.

27. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

28. Percent of long-stay residents who have/had a catheter inserted and left in their bladder: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who have/had a catheter inserted and left in their bladder.

29. Footnote: char (200)
Lists the footnotes associated with the rating (if available). The footnotes are as follows:
- Displayed as: 112 for Not Available.
- Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
- Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
- Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

30. Percent of long-stay residents who were physically restrained: varchar200
Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who were physically restrained.

31. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.
32. Percent of long-stay residents whose need for help with daily activities has increased: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents whose need for help with daily activities has increased
33. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.
34. Percent of long-stay residents who lose too much weight: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who lose too much weight.
35. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.
36. Percent of long-stay residents who have depressive symptoms: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who have depressive symptoms.
37. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.
38. Percent of long-stay residents assessed and given, appropriately, the seasonal influenza vaccine: varchar200

Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents assessed and given, appropriately, the seasonal influenza vaccine.

39. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

40. Percent of long-stay residents assessed and given, appropriately, the pneumococcal vaccine: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents assessed and given, appropriately, the pneumococcal vaccine.

41. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

42. Percent of long-stay residents who received an antipsychotic medication: varchar200
    Quality Measure for the Nursing Home Quality Initiative. Lists the nursing home's percentage (score) of long-stay residents who received an antipsychotic medication.

43. Footnote: char (200)
    Lists the footnotes associated with the rating (if available). The footnotes are as follows:
    - Displayed as: 112 for Not Available.
    - Displayed as: 199 for Not Available - The number of residents is too small to report. Call the facility to discuss this quality.
    - Displayed as: 201 for Not Available - The data for this measure is missing. Call the facility to discuss this quality measure.
    - Displayed as: 255 for Not Available - Call the facility to discuss this quality measure.

The remaining three (6) flat files are relating to deficiencies. The deficiencies can be categorized into two types, annual health inspection and annual fire safety inspections; and, complaint inspections, based on when the deficiencies are identified. Deficiencies are identified during a nursing home's annual health or fire safety inspection whereas complaint deficiencies are identified before or after the annual inspection.

The NHC_SRVY_DT.csv flat file contains eleven (11) fields. This CSV flat file lists the three most recent health and fire safety inspection dates for each nursing home.
1. Provider Number: varchar (50)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(50)

Lists the name of the nursing home.
3. Street: varchar(60)
   Lists the street address in which the nursing home is located.
4. City: varchar(30)
   Lists the city in which the nursing home is located.
5. State: char(2)
   Lists the 2-letter State code in which the nursing home is located.
6. Zip Code: varchar(5)
   Lists the 5-digit numeric zip code for the nursing home.
7. Phone: varchar(10)
   Lists the 10-digit numeric telephone number, including area code, for the nursing home.
8. Survey Date: varchar(10) MMDDYYYY
   Lists the date the most recent survey was performed.
9. Survey Type: varchar(11)
   Lists the type of inspection deficiency, Health or Fire Safety.
10. Quality Indicator Survey? varchar(3) YES/NO
    Quality Indicator Survey (QIS) process Indicator - The QIS uses a structured review of the medical records and direct observations of the care of larger samples of residents to derive rates for a comprehensive set of Quality of Care Indicators (QCIs).
11. Special Focus Facility? varchar(3) YES/NO
    Special Focus Facility - Indicates nursing homes that have a record of persistently poor survey performance, and have been selected for more frequent inspections and monitoring.

The NHC_SRVY_DFCNCY.csv flat file contains fourteen (14) fields. This csv file lists the survey deficiencies found during the nursing home annual inspection.
1. Provider Number: varchar(50)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(80)
   Lists the name of the nursing home.
3. Street: varchar(60)
   Lists the street address in which the nursing home is located.
4. City: varchar(30)
   Lists the city in which the nursing home is located.
5. State: char(2)
   Lists the 2-letter State code in which the nursing home is located.
6. Zip Code: varchar(10)
   Lists the 5-digit numeric zip code for the nursing home.
7. Phone: varchar(10)
   Lists the 10-digit numeric telephone number, including area code, for the nursing home.
8. Survey Date: varchar(10) MMDDYYYY
   Lists the date the most recent survey was performed.
9. Date of Correction: varchar(10)
   Lists the date the deficiency listed in the Deficiency field was corrected.
10. Deficiency Type: char(11)
    Lists the type of inspection deficiency, Health or Fire Safety.
11. Deficiency Category: varchar(50)
    Lists the names of the actual deficiency category descriptions.
    The eight (8) HEALTH deficiency categories used are:
    - Mistreatment Deficiencies

- Quality Care Deficiencies
- Resident Assessment Deficiencies
- Resident Rights Deficiencies
- Nutrition and Dietary Deficiencies
- Pharmacy Service Deficiencies
- Environmental Deficiencies
- Administration Deficiencies

The nineteen (19) FIRE SAFETY deficiency categories used are:
- Building Construction
- Interior Finish
- Corridor Walls And Doors
- Vertical Openings
- Smoke Compartmentation and Control
- Hazardous Area
- Exit and Exit Access
- Exits and Egress
- Illumination And Emergency Power
- Emergency Plans And Fire Drills
- Fire Alarm Systems
- Automatic Sprinkler Systems
- Smoking Regulations
- Building Service Equipment
- Furnishings and Decorations
- Laboratories
- Medical Gases and Anesthetizing Areas
- Electrical Deficiencies
- Miscellaneous

12. Deficiency: varchar (500)
    Lists the deficiency for which the nursing home was cited.
13. Scope: varchar(50)
    Lists the scope of residents affected. The following are the terms used within the database and what they mean on the website:
    - Not available
    - Isolated for Few
    - Pattern for Some
    - Widespread for Many
14. Level of Harm: varchar(50)
    Lists the level of harm to the residents produced by the deficiency. The following are the levels listed:
    - Not available
    - Potential for minimal harm
    - Minimal harm or potential for actual harm
    - Actual harm
    - Immediate jeopardy to resident health or safety

The NHC_CMPLNT_DFCNCY.csv flat file contains fourteen (14) fields. This CSV file lists the complaints deficiencies found in each nursing home.
1. Provider Number: varchar(50)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(80)
   Lists the name of the nursing home.
3. Street: varchar(60)
   Lists the street address in which the nursing home is located.

4. City: varchar(30)
   Lists the city in which the nursing home is located.
5. State: char(2)
   Lists the 2-letter State code in which the nursing home is located.
6. Zip Code: varchar(5)
   Lists the 5-digit numeric zip code for the nursing home.
7. Phone: varchar(10)
   Lists the 10-digit numeric telephone number, including area code, for the nursing home.
8. Survey Date: varchar(10) MMDDYYYY
   Lists the date the complaint(s) was sustained.
9. Date of Correction: varchar(10)
   Lists the date the deficiency listed in the Deficiency field was corrected.
10. Deficiency Type: char(11)
    Lists the type of inspection deficiency, Health or Fire Safety.
11. Deficiency Category: varchar(50)
    Lists the names of the actual deficiency category descriptions.
    The eight (8) HEALTH deficiency categories used are:
    - Mistreatment Deficiencies
    - Quality Care Deficiencies
    - Resident Assessment Deficiencies
    - Resident Rights Deficiencies
    - Nutrition and Dietary Deficiencies
    - Pharmacy Service Deficiencies
    - Environmental Deficiencies
    - Administration Deficiencies
    The nineteen (19) FIRE SAFETY deficiency categories used are:
    - Building Construction
    - Interior Finish
    - Corridor Walls And Doors
    - Vertical Openings
    - Smoke Compartmentation and Control
    - Hazardous Area
    - Exit and Exit Access
    - Exits and Egress
    - Illumination And Emergency Power
    - Emergency Plans And Fire Drills
    - Fire Alarm Systems
    - Automatic Sprinkler Systems
    - Smoking Regulations
    - Building Service Equipment
    - Furnishings and Decorations
    - Laboratories
    - Medical Gases and Anesthetizing Areas
    - Electrical Deficiencies
    - Miscellaneous
12. Deficiency: varchar (500)
    Lists the deficiency for which the nursing home was cited.
13. Scope: char(50)
    Lists the scope of residents affected. The following are the terms used within the database and what they mean on the website:
    - Not available
    - Isolated for Few

- Pattern for Some
- Widespread for Many

14. Level of Harm: varchar(50)

    Lists the level of harm to the residents produced by the deficiency. The following are the levels listed:
    - Not available
    - Potential for minimal harm
    - Minimal harm or potential for actual harm
    - Actual harm
    - Immediate jeopardy to resident health or safety

The NHC_ENFORCEMENT_COUNT.csv table contains ten (10) fields. This table lists total number of enforcements filed for each nursing homes.

1. Provider Number: varchar(50)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(80)
   Lists the name of the nursing home.
3. Street: varchar(60)
   Lists the street address in which the nursing home is located.
4. City: varchar(30)
   Lists the city in which the nursing home is located.
5. State: char(2)
   Lists the 2-letter State code in which the nursing home is located.
6. Zip Code: varchar(5)
   Lists the 5-digit numeric zip code for the nursing home.
7. Phone: varchar(10)
   Lists the 10-digit numeric telephone number, including area code, for the nursing home.
8. Civil Money Penalty Count: int(4)
   Lists the total number of Civil Money Penalty count.
9. Denial of Payment for New admission Count: int(4)
   Lists the total number of Denial of Payment for New Admission count.
10. Total Enforcement Actions Count: int(4)
    Lists the total Enforcement Actions count.

The NHC_ENFORCEMENT_DATES.csv table contains ten (10) fields. This table lists the survey enforcements found during the nursing home annual inspection.

1. Provider Number: varchar(50)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(80)
   Lists the name of the nursing home.
3. Street: varchar(60)
   Lists the street address in which the nursing home is located.
4. City: varchar(30)
   Lists the city in which the nursing home is located.
5. State: char(2)
   Lists the 2-letter State code in which the nursing home is located.
6. Zip Code: varchar(5)
   Lists the 5-digit numeric zip code for the nursing home.

7. Phone: varchar(10)
   Lists the 10-digit numeric telephone number, including area code, for the nursing home.
8. Enforcement Type: char(4)
   Lists the type of Enforcements; Civil Money Penalty (CMP) or Denial of Payment for New admission (DPNA).
9. Civil Money Penalty: char(8)
   Lists the total number of Civil Money Penalty.
10. Survey Date: varchar(10)
    Lists the date the most recent survey was performed.

The NHC_COMPLAINTS_COUNT.csv table contains nine (9) fields. This table lists total number of complaints filed for each nursing homes.

1. Provider Number: varchar(10)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(50)
   Lists the name of the nursing home.
3. Street: varchar(50)
   Lists the street address in which the nursing home is located.
4. City: varchar(28)
   Lists the city in which the nursing home is located.
5. State: varchar(2)
   Lists the 2-letter State code in which the nursing home is located.
6. Zip Code: char(5)
   Lists the 5-digit numeric zip code for the nursing home.
7. Phone: char(10)
   Lists the 10-digit numeric telephone number, including area code, for the nursing home.
8. Substantiated Complaints: varchar(10)
   Lists the total number of Civil Money Penalty count.
9. Incidents Reported by the Nursing Home: varchar(10)
   Lists the total Enforcement Actions count.

The NHC_PROVIDER_OWNER.csv table contains fourteen (12) fields. This table lists information for the owners of each nursing home.

1. Provider Number: varchar(50)
   Lists the nursing homes by their provider identification number.
2. Nursing Home Name: varchar(13)
   Lists the name of the nursing home.
3. Street: varchar(60)
   Lists the first line of the provider's address.
4. City: varchar(30)
   Lists the city in which the nursing home is located.
5. State: char(2)
   Lists the 2 letter State code where the nursing home is located.
6. Zip Code: varchar(5)
   Lists the 5-digit numeric ZIP code of the nursing home.
7. Phone Number: varchar(10)
   Lists the telephone number of the nursing home.
8. Owner Name: varchar(1000)
   Lists the name of the owner.

9. Role Description: varchar(43)
   Lists the role of the owner.
10. Organization Name: varchar(71)
    Lists the organization name of the owner.
11. First Name: varchar(23)
    Lists the first name of the owner.
12. Last Name: varchar(23)
    Lists the last name of the owner.
